IV. Important Provisions

Free Look

We give the Policyowner a period of fifteen (15) days from receipt of the policy during which he/she may review this policy. This is called a Free Look Period.

If he/she decides that this policy is not suitable for his/her needs, he/she may cancel the policy within fifteen (15) days from the date the policy is received. The fund value and any applied charges, which may or may not be lower than the Regular Premiums paid, will be refunded. No surrender charges will be imposed on the amount of refund.

Conditions when death benefit may not be payable

If within the contestability period i.e., within the first 2 years from policy effectivity date and 2 years from the effective date of any increase in sum assured (if applicable) or date of last reinstatement, any of the following occurred:

- Suicide (not due to insanity);
- Concealment or misrepresentation at the time of application; or
- Fraud was committed at the time of application

When death benefit is not payable in above circumstances, the fund value plus any applied charges will be refunded.

The policy will be considered null and void if the Policyowner purchased it while outside the Philippines.

Misstatement of age

If the age of the Life Insured has been misstated, the insurance charges starting from policy effectivity date will be adjusted based on the correct age and applicable risk class of the Life Insured as of the policy effectivity date, or as of the effective date of any change in Sum Assured.

If at the correct age, the Life Insured is not eligible for any coverage under this policy, all regular premiums and all top-ups paid less all partial withdrawals made will be refunded.

The policy automatically terminates at the earliest occurrence of the following circumstances:

- Upon death of the Life Insured; or
- On the policy maturity date; or
