Accredited Clinic Directory (Home Service Arrangement)

All requests for Home Service should be emailed / coordinated to Medical Services team only thru phimedicalservices@prulifeuk.com.ph Strictly no direct coordination with the clinic, please. Letter of Authorization (LOA) and the confirmed schedule from any available clinic will only be released by Medical Services Team.

Reminders for Home Service Arrangement (HSA)

- 1) Home Service is made available for PRUPremier Customers with at least 1 Million APE for Regular/Limited Pay Product or 10 Million APE for Single Pay plan. Once confirmed qualified by Medical Services, there will be no out-of-pocket expense from the client or Agent.
- 2) Please communicate our client's preference 3-5 working days before the actual date of Home Service to give Medical Services lead time to coordinate with the clinic. Always indicate at least two dates and specific time, as options.
- 3) Any appointment has to be pre-scheduled and confirmed to you by Medical Service Team first before you finalize or commit any schedule with our client.
- 4) The 10-12 hour fasting for specific blood tests has to be strictly observed. Please coordinate the fasting and other test instructions directly to the Home Service Team as they may have different protocols or guidelines. Treadmill Stress Test and Chest Xray are not facilitated under home service.
- 5) The guidelines for HSA should be observed at all times to avoid unnecessary concerns as well as expense or charges.
- 6) As an exception, Home Service can be administered for non-PRUPremier Customers granted there is complete understanding of the guidelines, particularly on charges (to include mobilization and Medical Examiner/Doctor fees), which will not be shouldered by Pru Life UK. This will be an out-of-pocket Agent expense to be paid directly to the clinic after the HSA tests are completed onsite.
- 6) Helpline for Home Service Arrangement is phimedicalservices@prulifeuk.com.ph Please do not directly coordinate with the clinics. Coordination of availability will be handled by Medical Services including the release of a copy of the Letter of Authority (LOA) and endorsement to the Home Service Team.
- 7) Any cancellation of the earlier scheduled Home Service and LOA should be relayed to Medical Services two (2) days prior to the actual examination date such that we have time to inform the clinic. This will prevent us from incurring late cancellation charges. Late cancellation fees may be imposed / charged to the Agent if proven there's delay in the cancellation.

Reminders regarding the use of Non-Accredited Clinic and Medical Examiner (ME)

- 1) Availment of medical services as requested by the Underwriter will be allowed for non-accredited clinic for justifiable or exceptional reasons only (ex: Location of the client is remote or with no or very limited option)
- 2) Full Medical Examination (FME) can be administered by a non-accredited Physician or a Physician not affiliated to any of our accredited clinics if the following conditions are met:
- a. There is known scarcity of Medical Examiner (ME) / Physician in the client's area
 - b. The Physician should agree to accomplish the FME report accurately and conduct the interview / examination of the client properly.
 - c. The Physician should not be related to the customer and the Agent (by blood, consanguinity, personal relation and is not an Attending Physician of the client)
 - d. The Physician should be willing to submit Personal Information Sheet (PIS) and PRC ID as mandatory due diligence requirements together with the FME report
 - e. The Physician agrees to cooperate and allot urgency if in case the Servicing Agent or Pru Life UK will need to contact him or her for additional questions regarding the client's FME report
- 3) Agent can reimburse the costs incurred for laboratory and FME based on existing maximum amount / threshold by the company only. This means that there is the probability that the company will not be able to pay the full amount at all times. Requirements to be able to do so are listed below and can be submitted to PHIMedicalServices@prulifeuk.com.ph
- a. Official Receipt (OR) per client / per policy number
 - b. Properly-accomplished Pru Life UK Reimbursement Form
- 4) We highly encourage the use of our accredited clinics, especially for areas in which there are provided options (ex: National Capital Region) for our customers. In this manner, out of pocket expense will be avoided and we can utilize our existing partnership with these clinics.
- 5) We trust that use of non-accredited clinics and Medical Examiners will be properly supervised by the Soliciting Agent ensuring a reputable/reliable non-accredited clinic is considered at all times and the guidelines on the qualified non-medical examiner has been observed.
- 6) We shall reserve the right to require repeat FME and/or laboratory tests as we see fit.

Re: **USE OF ACCREDITED CLINICS AND VALID EXCEPTIONS**

Effective immediately, use of Pru Life UK accredited clinics shall be strictly implemented especially in the National Capital Region (NCR) where there is substantial number of clinic branches from different medical service providers. Our Agency Force will follow the existing process of Letter of Authorization (LOA) to activate the engagement with any accredited clinic and ensure a seamless, charge-to-Pru Life UK routine medical tests and any valid additional procedures.

Use of non-accredited clinics, to include non-accredited Medical Examiners (Physicians handling Full Medical Examination or FME) for scenarios where there are nearby or available accredited clinics will be subject for approval of the Head of Medical Services.

However, provincial areas with limited access to accredited clinics will no longer be required to seek approval on the use of non-accredited facilities. As our partners in the frontline, we trust that you will redirect our clients to any reliable, at least secondary level healthcare clinic or hospital with service capability to perform any of our routine medical requirements.

Here's the summary for each scenario:

Scenario	Location	Process
Pru Life UK ACCREDITED clinics	NCR/Provincial	Existing process of LOA
NON-ACCREDITED clinics and examiners	NCR where there are existing / nearby available accredited clinics	Subject to the approval of the Head of Medical Services; Approval must be documented (please refer to the steps below). <u>Absence of documented approval may lead to a repeat FME and routine medical requirements at the expense of the Agent. Failure to render services to the client in accordance with Pru Life UK's standards, policies, and directives may also result to a sales disciplinary action as provided under the Sales Disciplinary Policies and Standards.</u>
NON-ACCREDITED clinics and examiners	Provincial Areas where there are no nearby available accredited clinics	No longer subject to approval of the Head of Medical Services; follow existing process
