

PRULifetime Income Product Primer

*This product primer summarizes the key benefits and limits of **PRULifetime Income**. It is a quick guide on the product created primarily for the use of Pru Life UK employees and distributors. While reasonable care was made in the preparation of this material, any omissions, deletions and/or statements inconsistent with the Policy Contract must be construed or rectified in favor of the Policy Contract. Should you wish to share this material with individuals who are not Pru Life UK employees or distributors, please seek prior written approval from the Product Management team.*

I. Product Description

PRULifetime Income is a limited-pay whole life participating plan that offers lifetime protection, non-guaranteed cash dividends, and guaranteed payouts starting at the end of the sixth (6th) policy year until the maturity of the policy, if the insured is alive at every payout date.

PRULifetime Income is payable for 5 or 10 years. It can be enhanced by attaching any of the available supplementary benefits or riders.

II. Product Position

PRULifetime Income is suitable for people who:

- want guaranteed protection regardless of market outlook.
- look for more financial protection and additional income stream for their children's education, major purchases or retirement. need guaranteed payouts in case of life emergencies or unexpected business-related expenses.

III. Product Features

Feature	Description

Life Insured Issue age	0 year (7 days) to 60 years old
	Note: Policyowner age must be at least 18 years old
Currency	Philippine Peso
Underwriting	Regular underwriting
Modes of Payment	Annual/semi-annual/quarterly/monthly
Payment Terms	5 or 10 years

IV. Benefits-related Information

Core Benefit	
Death benefit	200% of the Sum Assured plus any accumulated non-guaranteed dividends and any accumulated guaranteed payouts less any outstanding policy loans and interest will be payable in the event of death of the Life Insured before the maturity of the policy. A child's lien, in accordance with the following schedule, is applicable to the Sum Assured, if the Life Insured is below five (5) years old at the time of death.

	<table><tr><th>Age at time of death</th><th>% of Sum Assured Applied</th></tr><tr><td>0</td><td>10%</td></tr><tr><td>1</td><td>20%</td></tr><tr><td>2</td><td>40%</td></tr><tr><td>3</td><td>60%</td></tr><tr><td>4</td><td>80%</td></tr></table>	Age at time of death	% of Sum Assured Applied	0	10%	1	20%	2	40%	3	60%	4	80%
Age at time of death	% of Sum Assured Applied												
0	10%												
1	20%												
2	40%												
3	60%												
4	80%												
Living Benefits													
Guaranteed Cash Payouts	The Company shall provide a lump sum benefit equal to the Guaranteed Payout amount indicated in your Policy Data Page starting at the end of the sixth (6th) policy year and every policy anniversary thereafter, provided the Life Insured is alive at each policy anniversary that a payout is due. This benefit may be paid in cash or left to accumulate with interest at a rate set by the Company. Payouts paid in cash will also be decreased by any outstanding policy loan and interest.												
Dividends	Annual non-guaranteed dividends are payable every policy anniversary starting at the end of the 3rd policy year. The dividends payable in this policy may be: • Paid to you in cash; or • Applied to any premium due; or • Left to accumulate with interest at a rate set by the Company The current Dividend Accumulation Rate set by the company is 4.00%. Note that annual cash dividends and the dividend accumulation rate are not guaranteed.												
Cash Values and Policy Loans	The policy accumulates cash values starting on the 2nd policy year. At any time a cash value is available, the policyholder may apply for a loan up to a maximum of 80% of the cash value. The loan will be charged interest at a rate set by the Company. The amount of loan, together with the interest, is payable on or before the next policy anniversary. If the loan remains unpaid by then, both loan and interest become a new loan on which interest will be charged at the rate in effect on that date.												
Surrender Benefit	Upon surrender of the policy, the available cash value plus any accumulated non-guaranteed dividends and any accumulated payouts less any outstanding policy loans and interest at the time of surrender will be payable to the Policyowner.												
Maturity benefit	200% of the Sum Assured plus any accumulated non-guaranteed dividends and any accumulated payouts less any outstanding policy loans and interest will be payable if the Life Insured survives the policy maturity at age 100.												
Optional benefits or riders <i>For full details of the following riders, please refer to Section VI: Rider Information of this primer</i>													
Accident and disability	▪ Total and Permanent Disability Plus ▪ Accidental Death and Disablement Benefit ▪ Personal Accident Rider												
Waiver of premium	• Waiver of Premium on TPD • Payor Waiver of Premium Benefit

Benefit term	Up to age 25 of the life insured; or Up to age 65 of the Payor Whichever comes first.
Cash Values	This rider has no cash values.

VI. Other Features

Non-forfeiture Option	If the policy has available cash value, the policyholder may elect at any time any of the Non-Forfeiture Options below: Option 1: Net Surrender Value - The policy may be surrendered for its Net Surrender Value which is the cash value plus any accumulated non-guaranteed dividends and any accumulated payouts, less any indebtedness. The policy will terminate upon surrender. Cash values of TPD Plus, ADD, and PA riders are also paid to the policyholder. The policy will terminate upon surrender. Option 2: Reduced Paid-Up Insurance - Policy may be continued without further premiums as a non-participating Reduced Paid-Up Insurance with a reduced Sum Assured that is equal to the Sum Assured amount that the cash value less any outstanding policy loan and interest would have purchased at the attained age of the Life Insured at the time of application of this option, but not to exceed the original Sum Assured. If the RPU Sum Assured is greater than the original Sum Assured, any excess cash values and remaining dividend and payout benefit accumulation will be refunded to you upon conversion to RPU. The death benefit payable under the RPU Insurance will be 200% of the RPU Sum Assured. The future payouts will be the same percentages but based on the RPU Sum Assured, and will be payable at the original schedule and frequency. Option 3: Extended Term Insurance - Policy may be continued without further premiums as a non-participating Extended Term Insurance with a level ETI Sum Assured equal to 200% of the original Sum Assured less any outstanding policy loan and interest under this Policy. The duration of the ETI corresponds to the period of insurance coverage that would have been purchased by the cash value less any outstanding policy loan and interest at the attained age of the Life Insured at the time of the application of this option. If the cash value less any outstanding policy loan and interest is more than enough to continue the ETI until the Policy Maturity Date, any excess cash values and remaining dividend and payout benefit accumulation will be refunded to you upon conversion to ETI. The guaranteed payouts will cease upon conversion to ETI. Option 4: Automatic Premium Loan - Any premium due remaining unpaid at the end of the grace period is automatically paid as withdrawal from the remaining cash value which earns interest and is compounded every policy anniversary. If there is no specific option elected, the automatic Non-Forfeiture Option will be the Extended Term Insurance
Reinstatement	If the Policy terminates due to non-payment of premiums or due to overloan after the premium-paying period, the Policyowner (PO) may apply to reinstate it within three (3) years from the due date of the premium in default or from the date the policy lapsed due to overloan if: ✓ The Policy has not been surrendered for cash or converted to an Extended Term Insurance which has expired; and

	✓ The Policyowner gives us satisfactory evidence of the health of Life Insured at the PO's own expense. • If termination is due to non-payment of premiums, the Policyowner has to pay all the required premiums in arrears. • If termination is due to overloan, you will be required to pay your loan balance. Company reserves the right to charge interest on overdue premiums or Loans. The Expiry Date of the Premium Payment Term as shown in the Policy Data Page will not be changed.
--	---

VII. Important Provisions

Grace Period	If you fail to pay the premium, you are given 31 days from your due date to make such payment. If no payment was received after the grace period, your selected NFO and Dividend option (if the selected option is Used to pay a portion of premium) shall apply. If there are no selected NFO and Dividend option, the following default options shall apply; Non-forfeiture Option: Extended Term Insurance (ETI) Dividend Option: Left to accumulate and earn interest. Otherwise, the policy will lapse if there is no available cash value or dividends to pay for the premium due.
Conditions when death benefit may not be payable	If within the contestability period i.e., within the first 2 years from policy and/or benefit effectivity date or date of last reinstatement, any of the following occurred: a) Suicide (not due to insanity); b) Concealment or misrepresentation at the time of application; or c) Fraud was committed at the time of application.
Conditions when the policy terminates	The policy terminates upon the occurrence of any of the following: • On the Policy Maturity Date; or • In the event of the death of the life insured; or • Upon failure to pay premiums due within the Grace Period and while the Policy has no cash value; or • Upon approval by the Company of the avilment of Net Surrender Option under Section 3.5, or • When the Policy Lapses, is surrendered, or otherwise terminated Whichever occurs first.

For other policy owner options, please refer to the PRULifetime Income policy booklet.
