VIII. IMPORTANT CONSIDERATIONS

Important Considerations	
Pre-existing condition	Pre-existing conditions are medical conditions, injuries or illnesses that the Life Insured had prior to the issuance of the Policy. These are excluded from coverage under this Policy.
Waiting period	The Critical Illness Benefit will not be paid if the insured is diagnosed as having a critical illness, or is recommended or advised to undergo surgery, within ninety (90) days from the effectivity date or from the date of approval of last reinstatement of the riders, whichever is later. This also applies to the Hospital Income Benefit since it is related to Cancer/Critical Illness conditions only. A waiting period of twelve (12) months must also pass between the first Late Stage Critical Illness (non-cancer) claim before a subsequent Late Stage Cancer claim may be claimed.
Free-look period/ Cooling-off period	The client has fifteen (15) days from the date the Policy Booklet is received to decide if the plan is for them. If they wish to discontinue their coverage within this period, we will refund the fund value and any applied charges, which may or may not be lower than the premium paid. No surrender charges will be imposed on the amount of refund. <u>Cooling-off Period of Select Top 4 Critical Illness Rider and Select 52 Critical Illness Rider</u> The client has fifteen (15) days from the date the Policy Data Page is received to decide if the Select Top 4 Critical Illness Rider or Select 52 Critical Illness Rider is for them.
