

PRUHealth FamLove Product Primer

This product primer summarizes the key benefits and limits of PRUHealth FamLove. It is a quick guide on the product created primarily for the use of Pru Life UK employees and distributors. While reasonable care was made in the preparation of this material, any omissions, deletions and/or statements inconsistent with the Policy Contract must be construed or rectified in favor of the Policy Contract. Should you wish to share this material with persons who are not Pru Life UK employees or distributors, please seek prior written approval from the Product Management team.

I. PRODUCT DESCRIPTION:

PRUHealth FamLove is a yearly renewable term insurance plan for the diverse modern Filipino family. The plan comes with built-in life protection for the Policyowner-Main Life Insured with benefits for Death, Moderate and Severe Critical Illness. With the Family Extension Benefit Rider, benefits for Moderate and Severe Critical Illness are shareable to eligible family members such as spouse, or same-sex and common-law partner, children (both biological and adopted), and parents.

II. PRODUCT POSITION:

PRUHealth FamLove is suitable for people who:

- Want to protect themselves against uncertainties and high cost of treatments for critical illness
- Want to avail of critical illness coverage for their dependents in the most affordable and convenient way
- Can commit to paying increasing premiums every year before the Main Life Insured reaches age 85

III. PRODUCT FEATURES:

Feature	Description	
Product type	Yearly renewable term insurance plan	
Premium and benefit term period	Yearly renewable up to age 85 of the Policyowner-Main Life Insured (LI)	
Currency options	Philippine Peso only	
Available packages/plans <i>(The following packages are available for this product. This indicates the Life Insureds covered under the Policy.)</i>	Plan	Description
	mySelf	Covers the Main LI only
	myPartner	Covers the Main LI and his spouse or life partner (same-sex and common-law partner)
	myChild	Covers the Main LI and up to 2 of his children (biological or adopted)
	myFamily	Covers the Main LI, his spouse or life partner (same-sex and common-law partner), and up to 2 of their children (biological or adopted)
	myParent	Covers the Main LI and either or both of his parents
	<i>Additional documents will be required to establish insurable interest with the Main LI particularly for family members who are under the modern family concept (i.e., same-sex or common-law partner).</i>	
Minimum and maximum entry ages	Life Insured	Issue Age Limits
	Policyowner-Main LI	20 – 60 years old
	Spouse/Life Partner	20 – 60 years old
	Children	15 days to 21 years old
	Parents	45 – 70 years old <i>(either or both parents are only allowed to enroll at policy inception)</i>

	Any claims made on the FEB will be taken from the policy SA of the Main LI. Once any of the Other Life Insureds files a claim for Moderate CI, the FEB amount decreases by 50% while the remaining benefit amount continues to be claimable. The FEB will terminate upon payment of the Death Benefit or Severe CI benefit to the Main LI or when the total benefit amount for FEB has been claimed even if other Life Insureds have not filed for a claim.
Other Benefits	
Life Event Booster	This allows the Main LI to avail of increase in policy SA upon occurrence of any of the eligible life events without going through underwriting. The eligible Life Events are: - Change in marital status (whether to married or to annulled/widowed) - Addition of new child (whether newborn or adopted) The aggregate Life Event Booster SA will be limited to 25% of the original policy SA, subject to the following limits: - Death: PhP 250k - Moderate CI Benefit: PhP 125k - Severe CI Benefit: PhP 250k The premium will be payable based on the increased policy SA and attained age and gender of the Main LI. The Main LI may apply for the benefit provided that: - He is below age 50 during the occurrence of the life event - Application is within 3 months from the occurrence of the life event - There are no previous claims under the policy <i>To avail of this benefit, documentary evidence must be submitted to establish the occurrence of the eligible Life Event, insurable interest, and the relationship of the Other Life Insured(s) with the Policyowner/Main Life Insured.</i>
Portability of Cover	This benefit applies only to packages which cover the spouse/life partner as life insured. If the Main LI passes away or claims the Severe CI Benefit while the spouse/life partner is insured under the Family Extension Benefit, the spouse/life partner has the option to take up a new PRUHealth FamLove policy with the same policy SA that the spouse/life partner had (as part of the Family Extension Benefit and excluding any increase due to the Life Event Booster). No underwriting is required provided that the spouse/life partner has no previous claim under the policy. Premiums for the new policy will be based on the spouse/life partner's age and gender at the time of election. Any insured children will continue to be insured under the new policy's Family Extension Benefit (up to 50% of the new policy SA) provided that the children to be insured have no previous claim under the policy. New family members can be added under FEB (up to 3 family members depending on the chosen plan), but they will be subject to SIO underwriting.

	The spouse/life partner must elect this option within 3 months from the policyholder's date of death or diagnosis of severe critical illness and when PRUHealth FamLove insurance product is still available to new business at the time of availment. Otherwise, a product of a similar nature may be considered, with the same coverage amount, subject to the Company's guidelines. In case the spouse/life partner already filed for a claim under the original policy, he/she will no longer be eligible to avail of this benefit. Parents of the Main LI are NOT eligible for this feature.
Maturity Benefit	N/A
Surrender Benefit	N/A
Cash Value or Dividends	N/A as this is a non-participating plan
Other optional benefits	N/A

VI. UNDERWRITING GUIDELINES:

Simplified Issue Offer (SIO)	Simplified underwriting will apply for policies which meet the SIO criteria below. 1. Life insured's age should be within the minimum and maximum entry ages defined above 2. SIO limit per life is Php 1,000,000 3. Answered "No" to all the SIO questions below: a) Have you ever been diagnosed with, received treatment or medical advice, or been investigated for any of the following conditions: High blood pressure, Diabetes, Stroke, Chest pain, Heart disease; Kidney, Liver, Lung or Endocrine disease; Brain or Nervous system disease, Musculoskeletal disorders; Cancer, Tumour Growth; immunodeficiency disease including HIV/AIDS? b) In the past 2 years, have you been hospitalized for more than five (5) consecutive days or taken medication for longer than two (2) weeks or undergone any form of surgery?
-------------------------------------	---

VII. OTHER FEATURES

Renewability	If at the end of the current benefit term and every year thereafter, the Main LI has not reached age 85, the policy may be renewed annually, provided that: a) It is renewed at the same plan and policy SA as shown in the Policy Data Page (PDP) less any accelerated benefits already paid. b) The attained age of the Main LI at the end of each benefit term is not more than 85. Coverage for the other life insured(s) will automatically renew together with the policy, provided that: a) The policy is renewed at the same FEB amount and plan as shown in the PDP less any accelerated benefits already paid. b) The attained age of the other life insured(s) at the end of each benefit term is not more than 85 for the spouse/life partner and parents or not more than 22 for children, whichever is later. c) The policy has not terminated. Renewal premiums shall be based on the chosen plan and attained age and gender of the Main LI.
Convertibility	After the 2nd policy year, the policy may be converted to a whole life, endowment, or investment-linked policy, currently available at that time and deemed acceptable by the Company, without evidence of health, if: 1. The Main LI has not attained the age of 70. 2. The new policy shall be issued for an amount not exceeding the sum assured under the policy less any accelerated benefits already paid. 3. The sum assured of the new policy shall at least be equal to the minimum sum assured allowed by the Company at that time. Premiums shall be according to the Company's prevailing rate on the date of conversion and shall be computed based on the attained age of the Main LI. The new policy's effectivity date shall be the date of conversion.

XI. IMPORTANT PROVISIONS

Free-look period	The first fifteen (15) days from the date the policy contract was received is referred to as the "free-look period". During this time, the Company encourages your client to read the policy and understand its benefits and risks. Should the client decide that this product is not for them, the Company will return the premium they paid in full.
Conditions when death benefit may not be payable	If within the contestability period i.e., within the first 2 years from policy and/or benefit effectivity date or date of last reinstatement, either of the following occurred: a) Suicide (not due to insanity) b) Death due to an illness caused by a pre-existing condition not declared at the time of application c) There was concealment or misrepresentation at the time of application. d) Fraud was committed at the time of application.
Conditions when critical illness benefit may not be payable	Exclusions for Critical Illness Benefits: • Pre-Existing Conditions related to Critical Illness before the policy inception date. • Critical Illness where first diagnosis and signs and/or symptoms occur within the waiting period of 90 days. • Death due to the Critical Illness covered under FEB within the survival period of 7 days. • Congenital diseases, congenital abnormalities, and/or congenital defects. • Critical Illness in the presence of an infection of Human Immunodeficiency Virus (HIV) in the body of the Insured or caused directly or indirectly by Acquired Immune Deficiency Syndrome (AIDS) or a disease related to AIDS except for conditions covered under the HIV/AIDS SOFI category. • The effects of alcohol abuse, drug abuse or any other dependence. Any intentional self-inflicted Injuries or any other acts towards the similar purpose, whether committed in a sane state or not. <i>This list is non-exhaustive. The Policy Contract contains the complete details of exclusions under the product.</i>
Conditions when the policy terminates	The policy terminates upon the occurrence of any of the following: • at the end of one (1) year unless the premium for the next renewal period has been paid; • in the event of death of the Main LI; • upon failure to pay premiums due within the Grace Period; • if one hundred percent (100%) of the policy SA has been exhausted from aggregate claims coming from Moderate Critical Illness Benefit, Severe Critical Illness Benefit and/or Family Extension Benefit, if applicable; • on the Policy Anniversary following the eighty-fifth (85th) birthday of the Main LI; or • upon written request for termination, whichever occurs first.

Glossary of terms

Grace Period - A grace period of thirty-one (31) days, without interest charge, is allowed for the payment of your Premium other than the initial Premium. During the grace period, your Policy remains in force. Shall the Policyowner-Main Life Insured passes away on the day of the Premium due date or during the grace period, we will pay the Beneficiary(ies) the Death Benefit less the unpaid Premium due.

System and Organ Function Insurance (SOFI) - Uses a different way of categorizing and defining covered critical illnesses as it is based on bodily system and organs. It is designed to provide payout upon occurrence of an event which critically affect a person's health such as diagnosis of severe illness (cancer, heart attack, stroke), surgery, or when any of the covered systems or organs has been moderately or severely impaired or needs to undergo moderate or severe surgery, subject to the definitions and conditions stated in the Policy Booklet.

For other policy owner options, please refer to the **PRUHealth FamLove** policy booklet.
