

Accelerated Total and Permanent Disability (ATPD)

The life insured will be considered totally and permanently disabled if:

- the disability happened while insured is *employed*, it prevented them from engaging in any occupation or from performing any work for compensation or profit for six (6) consecutive months;
- there is complete and irrecoverable loss of sight of both eyes or the total and permanent loss by removal or disease of both hands or both feet, or of one hand and one foot;
- the disability happened while insured is *unemployed*, they are permanently unable to undertake without assistance three (3) or more of the activities of daily living:
 - a. Continence - The ability to voluntarily control bowel or bladder functions or to clean up or perform external care of a catheter or appliance.
 - b. Dressing - The ability to put on or take off garments and/or medical appliances usually worn with or without the use of modified clothing or adaptive devices such as tape fastener or zipper pulls.
 - c. Bathing - The ability to wash oneself completely in the bath or shower or by other means to maintain personal hygiene with or without the aid of special equipment or adapted devices.
 - d. Feeding - The ability to take any form of nourishment once it has been prepared and made available with or without use of adaptive utensils.
 - e. Mobility - The ability to move from one room to an adjoining room or from one side of a room to another. If a person can move with the help of equipment such as a cane, walker, crutches, grab bars or other support devices, then he or she will be considered mobile.
 - f. Transferring - The ability to move in or out of a chair, including a wheelchair, bed or other stationary position, or to walk.

No payment will be made if the total and permanent disability was caused by any of the following circumstances:

- pregnancy, childbirth, or abortion or miscarriage or complication thereof;
- psychiatric disorders, drug or alcohol abuse;
- injuries or illness due to military service or suffered under conditions of war whether declared or not, insurrection, rebellion, or mutiny;
- intentional self-inflicted injuries or illness caused by attempts at suicide, or incurred as a result of or while participating in the commission of a crime;
- engaging or taking part in driving or riding in any kind of race, professional sports or hazardous sports, underwater activities involving the use of breathing apparatus, flying or aerial activities other than as fare-paying passenger; and
- Acquired Immune Deficiency Syndrome (AIDS) or AIDS-related complex.

Please note that any policy debt will be deducted from the Accelerated Total and Permanent Disability Benefit.
