A. PRODUCT FEATURES

Plan type	Single pay investment-linked plan	
Denomination	Peso/Dollar	
Issue age	0 – 70 years old	
Coverage period	Up to age 100	
Payment term	One-time	
Minimum single premium		
USD	20,000	
PhP	1,000,000	
Death benefit*		
	(125%) SP + (125%) top-ups – (125%) of withdrawals or fund value, whichever is higher	
Top-up amount	Minimum	Maximum
USD	1,000	19,999
PhP	40,000	999,999
Minimum partial withdrawal		
USD	1,000	
PhP	20,000	
Minimum balance after partial withdrawal		
USD	3,000	
PhP	40,000	
Minimum fund switch amount		
USD	500	
PhP	20,000	
Minimum balance after switch		
USD	3,000	
PhP	40,000	
No. of free switches per year	4	
Attachable riders	none	

*When the life insured is aged 0 to 4, only a percentage of the sum assured will be paid (child lien).

B. CHARGES		
Initial charge	0.5%	
Top-up initial charge	3%	
Fund value charges	The following charges (inclusive of applicable taxes) are deducted monthly from the fund value: Insurance charge	
Fund switching charge	0.5% of the fund switched (applicable after the four [4] free switches have been used)	
Surrender charge	Surrender charge applies to both partial and full withdrawals. 5%-4% -3%-2%-1% of the withdrawn amount from the first to fifth policy years and 0% thereafter. Partial withdrawals will first be drawn from the units created from the single premium until they are exhausted. Once exhausted, succeeding partial withdrawals will then be drawn from units created from top-ups, on a first-in, first-out basis. The surrender charge that will be applied on each partial withdrawal shall be based on the schedule above. If partial withdrawals are drawn from units created from the single premium, the policy year will be counted from the date the single premium is paid. If partial withdrawals are drawn from units created from top-ups, the policy year will be counted from the date the top-up is made.

	PRULink Cash Flow Fund	1.95%
	PRULink Dollar Cash Flow Fund Plus	1.95%

*Currency hedged share class risk If the shares of a share class can be subscribed and redeemed in a currency other than the base currency of the sub-fund, which is USD, a fluctuation in exchange rates could cause the value of an investment made by shareholders to diminish or increase irrespective of performance and therefore substantially impact the performance of such share class expressed in the corresponding share class currency. Currency hedged share class are offered to investors with the aim to mitigate currency risks by hedging the currency exposures of the portfolio to the relevant share class currency. To the extent these hedging transactions are imperfect or are only placed over a portion of the foreign exchange exposure, such share class will bear the resulting benefit or loss. There is no guarantee , however, that it will be possible to remove all currency exposure, nor the effectiveness of a hedging instrument shall remain throughout the term of the underlying investment.

*All withdrawals will be made on first-in, first-out basis. Withdrawals which are taken from regular premium payments are not subject to withdrawal charge. Withdrawals which are taken from top-up payments are subject to withdrawal charges as stated above, with the policy year counted from the date the top-up was made.

PRUMax Invest

A. PRODUCT FEATURES

Plan type	15-year term insurance plan
Denomination	Peso
Issue age	18 to 65 years old
Payment term	15 years (renewable with a maximum term to age 80)
Coverage period	15 years (renewable with a maximum term to age 80)
Minimum sum assured of the base plan	For life insured aged 18-39: PhP 1,000,000 For life insured aged 40-65: PhP 750,000
Minimum premium of the VL Rider	PhP 5,000 (regardless of payment mode)
Sum assured of the VL Rider	25% of every VL Rider premium
Death benefit of base plan	15-year term coverage or sum assured
Death benefit of VL Rider	• If the VL Rider is concurrently paid with the base plan, or if the VL Rider is not concurrently paid with the base plan but death (due to accident) occurs within two (2) years from the date the VL Rider was made, or if death (regardless of cause) occurs after two (2) years from the date the VL Rider was made: 125% of VL Rider payments – 125% of withdrawals, or the fund value whichever is higher • If the VL Rider is not concurrently paid with the base plan and death occurs within two (2) years due to natural cause: fund value + return of charges
Payment option for VL Rider	One-off premium • Policyowner may opt for one-off premium option upon application if the mode of payment is annual. One-off means one time. • As for the succeeding years, the policyowner can make unscheduled one-off premium anytime as long as the base plan's current regular premium due is paid. Regular premium • The Policyowner will be regularly billed the VL Rider premium alongside the base plan's regular premium based on the number of years specified upon application. This option is available for all modes of payment (i.e. annual, semi-annual, quarterly, and monthly). Payment for the full first year premium is required before the VL Rider can be paid. Hence, for payment mode that is non-annual, VL Rider will commence on the second year's first modal premium. • However, on the first policy year, VL Rider can be paid only if the mode of payment is annual. • Failure to pay subsequent VL Rider premiums will not cause the insurance policy or the VL Rider to lapse. • On top of the regular VL Rider premiums paid, the policyowner can still make unscheduled one-off premiums that do not fall on premium due dates anytime.
Maturity benefit of the VL rider	Value of the VL Rider units
Attachable riders	VL Rider, Total and Permanent Disability (TPD) benefit, Life Care Benefit (LCB), Accidental Death and Disablement (ADD), Personal Accident (PA), Hospital Income (HI), Waiver of Premium due to Total and Permanent Disability (WPTPD), Life Care Waiver (LCW)
Minimum partial withdrawal	PhP 2,500
Minimum balance after partial withdrawal	PhP 5,000
Minimum fund switch amount	PhP 2,500
Minimum balance after fund switch	PhP 5,000

Other features		
	Automatic renewal	
	Conversion	
A. CHARGES		
Initial charge	3% of the VL Rider premium that is spread over 12 months and deducted via unit cancellation on the first year each payment is made.	
Insurance charge	Varies according to age of life insured	
Extra charge	Varies according to age and substandard risk class of the life insurance	
Fund switching charge	1% of the fund switched (applicable after the one [1] free switch has been used)	
Surrender charges	All withdrawals will be made on a first-in, first-out basis. Withdrawals will be drawn from the units created from the VL Rider premiums. The surrender charge that will be applied on each withdrawal shall be based on the schedule – 5% (1st year), 4% (2nd year), 3% (3rd year), 2% (4th year), 1% (5th year), 0% (6th year onwards). The policy year will be counted from the date each premium is made.	
PRULink funds and annual management charges	PRULink Bond Fund	1.53%
	PRULink Managed Fund	1.79%
	PRULink Growth Fund	2.25%
	PRULink Proactive Fund	2.25%
	PRULink Equity Fund	2.25%
	PRULink Money Market Fund*	0.50%
	PRULink Global Market Navigator Fund	2.25%
	PRULink Global Tech Navigator Fund	2.00%

*Available for switching only

ANNEX A:		
Select exceptions and exclusions:	Claims	In general, death claims are not payable when there is fraud, misrepresentation, and/or concealment in the application of the Policy.
	Cooling-off	You have fifteen (15) days upon receipt of the Policy Contract to return it to Pru Life UK. The amount refundable is equivalent to the value of units plus all charges.
	Incontestability	The Policy cannot be contested after it has been in force during the lifetime of the Life Insured for two (2) years from the Policy Effectivity Date.
	Suicide	The death benefit is not payable if death is caused by suicide within the first two (2) years of the Policy, unless the suicide was committed in the state of insanity.

Important product disclosures:	• The fund value is dependent on the performance of the fund/s; therefore, it is not guaranteed. • The performance of the investment funds associated with this insurance product is valuated every day. You may visit our website www.prulifeuk.com.ph to track the unit price on a daily basis. The unit price is also published every Friday in major dailies. • In remote cases during extreme market volatility, the Policyowner may be asked to put top-up payments to ensure that the Policy will remain in force. • Partial withdrawals reduce the fund value of the Policy and decreases the sum assured by 25% of the withdrawn amount. Substantial withdrawals may lead to the depletion of the fund value which may eventually lead to the termination of the Policy. • In general, the Policy will terminate upon death or full withdrawal of the fund value, or when there are not enough units in the Policy to pay for the charges. • As a variable life insurance product, the Policyowner must understand and realize that the product is subject to certain risks, which could affect the account or fund value of the whole VUL Policy.

PRULifetime Income

A. PRODUCT FEATURES

Plan type	Limited-pay whole life participating traditional product
Denomination	Peso
Issue age	0 year (7 days) to 60 years old Note: Policyowner age must be at least 18 years old
Coverage period	Up to age 10
Payment term	5 or 10 years

Minimum/Maximum Sum Assured:

Minimum	Maximum
PhP 250,000.00	No limit (but subject to underwriting and reinsurer review and approval)

Core benefits:

Death benefit	200% of the Sum Assured plus any accumulated non-guaranteed dividends and any accumulated guaranteed payouts less any outstanding policy loans and interest will be payable in the event of death of the Life Insured before the maturity of the policy. <i>Note: The Child's Lien provision is applicable to this product. This means that if the life insured is a minor, the benefit payable may be subject to certain limitations as outlined in the Policy Booklet. For full details on how the Child's Lien is applied, please refer to the official product training slides or the product primer.</i>
---------------	---

Living Benefit

Guaranteed Cash Payouts	Lump sum guaranteed benefit equal to 5% of the Sum Assured less any outstanding loans and interest starting at the end of the sixth (6th) policy year and every policy anniversary thereafter, until the plan's maturity date, as long as the Life Insured is alive on each policy anniversary when a payout is due. This benefit may be paid in cash or left to accumulate with interest at a rate set by the Company. Payouts paid in cash will also be decreased by any outstanding policy loan and interest.
Dividends	Annual non-guaranteed dividends are payable every policy anniversary starting at the end of the 3rd policy year. The dividends payable in this policy may be: • Paid to you in cash; or • Applied to any premium due; or • Left to accumulate with interest at a rate set by the Company The current Dividend Accumulation Rate set by the company is 4.00%. Note that annual cash dividends and the dividend accumulation rate are not guaranteed.

Cash Values and Policy Loans	The policy accumulates cash values starting on the 2nd policy year. At any time, a cash value is available, the policyholder may apply for a loan up to a maximum of 80% of the cash value. The loan will be charged interest at a rate set by the Company. The amount of loan, together with the interest, is payable on or before the next policy anniversary. If the loan remains unpaid by then, both loan and interest become a new loan on which interest will be charged at the rate in effect on that date.
Surrender Benefit	Upon surrender of the policy, the available cash value plus any accumulated non-guaranteed dividends and any accumulated payouts less any outstanding policy loans and interest at the time of surrender will be payable to the Policyowner.
Maturity benefit	200% of the Sum Assured plus any accumulated non-guaranteed dividends and any accumulated payouts less any outstanding policy loans and interest will be payable if the Life Insured survives the policy maturity at age 100.
Other Features:	
Non-forfeiture Option	If the policy has available cash value, the policyholder may elect at any time any of the Non-Forfeiture Options below: Option 1: Net Surrender Value - The policy may be surrendered for its Net Surrender Value which is the cash value plus any accumulated non-guaranteed dividends and any accumulated payouts, less any indebtedness. The policy will terminate upon surrender. Cash values of TPD Plus, ADD, and PA riders are also paid to the policyholder. The policy will terminate upon surrender. Option 2: Reduced Paid-Up Insurance - Policy may be continued without further premiums as a non-participating Reduced Paid-Up Insurance with a reduced Sum Assured that is equal to the Sum Assured amount that the cash value less any outstanding policy loan and interest would have purchased at the attained age of the Life Insured at the time of application of this option, but not to exceed the original Sum Assured. If the RPU Sum Assured is greater than the original Sum Assured, any excess cash values and remaining dividend and payout benefit accumulation will be refunded to you upon conversion to RPU. The death benefit payable under the RPU Insurance will be 200% of the RPU Sum Assured. The future payouts will be the same percentages but based on the RPU Sum Assured and will be payable at the original schedule and frequency. Option 3: Extended Term Insurance - Policy may be continued without further premiums as a non-participating Extended Term Insurance with a level ETI Sum Assured equal to 200% of the original Sum Assured less any outstanding policy loan and interest under this Policy. The duration of the ETI corresponds to the period of insurance coverage that would have been purchased by the cash value less any outstanding policy loan and interest at the attained age of the Life Insured at the time of the application of this option. If the cash value less any outstanding policy loan and interest is more than enough to continue the ETI until the Policy Maturity Date, any excess cash values and remaining dividend and payout benefit accumulation will be refunded to you upon conversion to ETI. The guaranteed payouts will cease upon conversion to ETI. Option 4: Automatic Premium Loan - Any premium due remaining unpaid at the end of the grace period is automatically paid as withdrawal from the remaining cash value which earns interest and is compounded every policy anniversary. If there is no specific option elected, the automatic Non-Forfeiture Option will be the Extended Term Insurance.

Reinstatement	If the Policy terminates due to non-payment of premiums or due to over loan after the premium-paying period, the Policyowner (PO) may apply to reinstate it within three (3) years from the due date of the premium in default or from the date the policy lapsed due to over loan if: The Policy has not been surrendered for cash or converted to an Extended Term Insurance which has expired; and The Policyowner gives us satisfactory evidence of the health of Life Insured at the PO's own expense. •If termination is due to non-payment of premiums, the Policyowner has to pay all the required premiums in arrears. •If termination is due to over loan, you will be required to pay your loan balance. Company reserves the right to charge interest on overdue premiums or Loans. The Expiry Date of the Premium Payment Term as shown in the Policy Data Page will not be changed.
Important Disclosures/Considerations	
Grace Period	If you fail to pay the premium, you are given 31 days from your due date to make such payment. If no payment was received after the grace period, your selected NFO and Dividend option (if the selected option is Used to pay a portion of premium) shall apply. If there are no selected NFO and Dividend option, the following default options shall apply; • Non-forfeiture Option: Extended Term Insurance (ETI) • Dividend Option: Left to accumulate and earn interest. Otherwise, the policy will lapse if there is no available cash value or dividends to pay for the premium due.
Optional Benefits	
Attachable riders	TPD Plus, ADD, PA, WPTPD, Payor Waiver.

If the RPU Sum Assured is greater than the original Sum Assured, any excess cash values and remaining dividend and payout benefit accumulation will be refunded to you upon conversion to RPU. The death benefit payable under the RPU Insurance will be 200% of the RPU Sum Assured. The future payouts will be the same percentages but based on the RPU Sum Assured and will be payable at the original schedule and frequency. Option 3: Extended Term Insurance - Policy may be continued without further premiums as a non-participating Extended Term Insurance with a level ETI Sum Assured equal to 200% of the original Sum Assured less any outstanding policy loan and interest under this Policy. The duration of the ETI corresponds to the period of insurance coverage that would have been purchased by the cash value less any outstanding policy loan and interest at the attained age of the Life Insured at the time of the application of this option. If the cash value less any outstanding policy loan and interest is more than enough to continue the ETI until the Policy Maturity Date, any excess cash values and remaining dividend and payout benefit accumulation will be refunded to you upon conversion to ETI. The guaranteed payouts will cease upon conversion to ETI. Option 4: Automatic Premium Loan - Any premium due remaining unpaid at the end of the grace period is automatically paid as withdrawal from the remaining cash value which earns interest and is compounded every policy anniversary. If there is no specific option elected, the automatic Non-Forfeiture Option will be the Extended Term Insurance.

Reinstatement	If the Policy terminates due to non-payment of premiums or due to over loan after the premium-paying period, the Policyowner (PO) may apply to reinstate it within five (5) years from the due date of the premium in default or from the date the policy lapsed due to over loan if: The Policy has not been surrendered for cash or converted to an Extended Term Insurance which has expired; and The Policyowner gives us satisfactory evidence of the health of Life Insured at the PO's own expense. • If termination is due to non-payment of premiums, the Policyowner has to pay all the required premiums in arrears. • If termination is due to over loan, you will be required to pay at least 20% of your loan balance. Company reserves the right to charge interest on overdue premiums or Loans. The Expiry Date of the Premium Payment Term as shown in the Policy Data Page will not be changed.
Important Disclosures/Considerations/Exclusions	
Grace Period	If you fail to pay the premium, you are given 31 days from your due date to make such payment. If no payment was received after the grace period, your selected NFO and Dividend option shall apply. If there are no selected NFO and Dividend option, the following default options shall apply: • Non-forfeiture Option: Extended Term Insurance (ETI) • Dividend Option: Left to accumulate and earn interest. Otherwise, the policy will lapse if there is no available cash value or dividends to pay for the premium due.

Exclusions	This plan and the benefits attachable to it have other conditions and exclusions that may affect the payment of the proceeds. Please refer to the Policy Contract for the complete details of exclusions under this Policy. - Pre-existing Conditions. A pre-existing condition is an injury, illness or condition which existed or was existing within the two-year period prior to the Effectivity Date of the applicable benefit or the date of last reinstatement of the Policy, whichever is later, and for which the Life Insured has been investigated, diagnosed or treated or in which signs or symptoms have manifested and would have caused an ordinary prudent person to seek diagnosis, care or treatment. For the Hospital Income Rider, no benefit amount will be paid if the claim is based on a pre-existing condition, unless the Life Insured has been continuously covered for twelve (12) months from Effectivity Date of the rider or the date of last reinstatement of the rider. - Free look Period (for Hospital Income Rider). If, after availing of the Hospital Income Rider, you decide that it is not suitable to your needs, you may cancel such rider by returning the Policy Data Page to us within fifteen (15) days from the date you receive it. We will issue a new Policy Data Page without the rider and refund the premium you paid pertaining to said rider in full. - Waiting Period (for Life Care Plus and Life Care Waiver Rider) claim can only be done if the Life Insured is diagnosed with a critical illness or is recommended or advised to undergo surgery, after ninety (90) days from the Policy's effectivity date or the date of approval of last reinstatement, whichever is later
Optional Benefits	
Attachable riders	TPD Plus,ADD, PA, LCP, WPTPD, LCW, Payor Waiver.

PRUHealth FamLove	
A. PRODUCT FEATURES	
Plan type	Yearly renewable term plan
Denomination	Peso
Issue age	20-60 years old (policyowner/main life insured)
Coverage period	1 year (renewable up to age 85 of the main life insured)
Payment term	1 year
Minimum/Maximum Sum Assured:	
Minimum	Maximum
PhP 500,000	PhP 1,000,000 (for SIO)
Core benefits:	
Death benefit	100% of the policy sum assured (SA) less any Moderate CI Benefit claim once the Main LI dies
Moderate CI benefit	50% of the policy SA
Severe CI benefit	100% of the policy SA (less any moderate CI benefit claim and FEB claim)

Family Extension Benefit	The Main LI may extend the coverage of Moderate and Severe CI to up to 3 qualified family members depending on the chosen package. Fixed FEB sum assured for myPartner, myChild, myFamily is 50% of the policy SA while it is 25% of the policy SA for myParent. Once any of the other Life Insured files a claim for Moderate CI, the FEB SA decreases by 50% while the remaining benefit amount continues to be claimable. The FEB will terminate upon payment of the death benefit or Severe CI benefit to the Main LI or when the total benefit amount for FEB has been claimed even if other Life Insured (s), if any, have not filed for a claim. If all other life insureds have exceeded the eligible coverage age or if the Main LI has reached age 85, whichever is earlier, FEB will terminate.	
Product Packages		
Package Name	Life insured/s	Max no. of lives insured
mySelf	Main Life Insured only	1
myPartner	Main Life Insured, Spouse/ Life Partner	2
myChild	Main Life Insured , Children	3
myFamily	Main Life Insured , Spouse/ Life Partner , Children	4
myParent	Main Life Insured, Parents	3
Other benefits and features		
Life Event Booster	Main LI can increase policy SA without underwriting during eligible life events, within limits. Payable upon death or Moderate/Severe CI diagnosis. Eligible events: Marital status change, new child addition (birth or adoption).	
Portability of Cover	If the Main LI dies or claims the Severe CI Benefit while the spouse is insured under FEB, the spouse can opt for a new PRUHealth FamLove policy with the same SA as before (excluding LEB increases).	
Important disclosures/considerations		
Pre-existing conditions	These are illnesses, sickness, or conditions which are not covered that the life insured(s) already have before policy effectivity date or date of last reinstatement, whichever is later.This plan and other benefits attachable to it has other conditions and exclusions that may affect the payment of the insurance proceeds. The complete terms and conditions are found in the Policy contract. In the event of conflict between this material and the policy contract, the latter shall prevail.	
Free-look Period	You have 15 days from the date you receive your policy booklet to decide if this plan is for you. If you advise us that you wish to discontinue your coverage within this period, we will refund the premium you paid in full.

PRUMultiple Life Care Plus

PRODUCT FEATURES

Plan type	Yearly renewable critical illness benefit
Denomination	Peso/Dollar
Issue age	18 to 65 years old
Coverage period	Up to age 70
Payment term	Yearly renewable up to age 70
Maximum sum assured*	
Peso	5,000,000
USD	100,000
Living benefits**	Insured may file for up to three (3) critical illness claims. Each claim is payable for 100% of the coverage, provided the illness falls in separate categories under the critical illness table, and the second or third critical illness occurs one year after the first and second critical illness claim respectively. For the first claim, the life insured is allowed to make critical illness claim for any of the 36 illnesses. Once the first claim is paid due to terminal illness, this plan will terminate. It cannot be claimed during the second/third claim. If the life insured is diagnosed to undergo angioplasty and other invasive treatment for coronary artery before the first critical illness claim, we pay an additional benefit equal to 10% of the Multiple Life Care Plus benefit.

Critical illness table	
Group 1: Cancer and major organ failure	1. Cancer 2. Aplastic anemia 3. End stage liver failure 4. End stage lung disease 5. Fulminant hepatitis 6. Major organ transplant 7. Medullary cystic disease 8. Primary pulmonary hypertension 9. Progressive scleroderma 10. Renal failure 11. Systemic lupus erythematosus with lupus nephritis
Group 2: Heart-related and stroke	12. Aorta surgery 13. Coronary artery bypass surgery*** 14. Heart attack 15. Heart valve surgery 16. Paralysis 17. Stroke
Group 3: Neuromuscular and others	18. Alzheimer's disease 19. Apallic syndrome 20. Brain surgery 21. Brain tumor 22. Coma 23. Motor neuron disease 24. Multiple sclerosis 25. Muscular dystrophy 26. Parkinson's disease 27. Bacterial meningitis 28. Encephalitis 29. Poliomyelitis 30. HIV (due to blood transfusion and occupationally acquired HIV) 31. Major burns 32. Major head trauma 33. Blindness 34. Deafness 35. Loss of speech 36. Terminal illness

*The maximum MLCP sum assured per life is PhP 10,000,000 or USD 200,000. Aggregate critical illness coverage can reach up to PhP 11,250,000 or USD 225,000, if there is no LCAP. With LCAP, the aggregate coverage can increase to PhP 15,000,000 or USD 300,000. These limits apply to the aggregate critical illness coverage per life and are subject to the maximum sum assured limits defined for each specific critical illness coverage.

**The policyowner must give us the requirement within ninety (90) days from the date of knowledge of the occurrence of the critical illness. In case of a failure to furnish us with the requirements within the time required, Pru Life UK will not invalidate or reduce any claim if it was not reasonably possible to give us the requirements within such time.

PRULife Care Advance Plus

PRODUCT FEATURES

Plan type	Yearly renewable critical illness benefit
Denomination	Peso/Dollar
Issue age	18 to 65 years old
Coverage period	Up to age 70
Payment term	Yearly renewable up to age 70
Maximum sum assured*	
Peso	3,750,000
USD	75,000
Living benefits**	25% of the coverage is given if the life insured is diagnosed or has undergone surgery with any of the ten (10) identified early-stage critical illnesses. This can be availed of up to four (4) times. Any remaining unused sum assured is paid if insured is diagnosed or has undergone surgery with any one of the thirty-six (36) listed critical illnesses in the advanced stage. The following special benefits are also payable, provided that the Life Care Advance Plus benefit is not yet fully claimed or this plan has not been terminated yet: • 10% of the Life Care Advance Plus benefit will be paid if the life insured undergoes angioplasty. • 20% of the Life Care Advance Plus benefit will be paid if the life insured is diagnosed with diabetic complications. • 20% of the Life Care Advance Plus benefit will be paid if the life insured is diagnosed with advanced stage cancer.
Critical illnesses or surgeries covered	
Early-stage critical illness benefit	1. Heart attack 2. Stroke 3. Cancer 4. Major organ transplant 5. Renal failure 6. Heart valve surgery 7. Coronary artery bypass surgery 8. Brain tumor 9. End-stage liver failure 10. Brain surgery
Advanced stage critical illness benefit	1. Multiple sclerosis 2. Motor neuron disease 3. Parkinson's disease 4. Muscular dystrophy 5. Poliomyelitis 6. Aortal surgery 7. Bacterial meningitis 8. Aplastic anemia 9. Blindness 10. End-stage lung disease 11. Coma 12. Deafness 13. Loss of speech 14. Major burns 15. Paralysis 16. Alzheimer's disease 17. Fulminant hepatitis 18. Primary pulmonary hypertension 19. Terminal illness 20. HIV (due to blood transfusion and occupationally acquired HIV) 21. Encephalitis 22. Major head trauma 23. Apallic syndrome 24. Progressive scleroderma 25. Systemic lupus erythematosus with lupus nephritis 26. Medullary cystic disease

*The maximum LCAP sum assured per life is Php 3,750,000 or USD 75,000. Aggregate critical illness coverage can reach up to 15,000,000 or USD 300,000. These limits apply to the aggregate critical illness coverage per life and are subject to the maximum sum assured limits defined for each specific critical illness coverage.

**The policyowner must give us the requirement within ninety (90) days from the date of knowledge of the occurrence of the critical illness. In case of a failure to furnish us with the requirements within the time required, Pru Life UK will not invalidate or reduce any claim if it was not reasonably possible to give us the requirements within such time.

Peso	5,000,000
USD	100,000
Living benefits**	100% of the coverage is given if the life insured is diagnosed or has undergone surgery with any of the thirty six (36) identified critical illnesses. If the life insured is diagnosed to undergo angioplasty and other invasive treatment for coronary artery before the critical illness claim, we pay an additional benefit equal to 10% of the coverage.
Critical illnesses or surgeries covered	
	1. Cancer 2. Aplastic anemia 3. End stage liver failure 4. End stage lung disease 5. Fulminant hepatitis 6. Major organ transplant 7. Medullary cystic disease 8. Primary pulmonary hypertension 9. Progressive scleroderma 10. Renal failure 11. Systemic lupus erythematosus with lupus nephritis 12. Aorta surgery 13. Coronary artery bypass surgery 14. Heart attack 15. Heart valve surgery 16. Paralysis 17. Stroke 18. Alzheimer's disease 19. Apallic syndrome 20. Brain surgery 21. Brain tumor 22. Coma 23. Motor neuron disease 24. Multiple sclerosis 25. Muscular dystrophy 26. Parkinson's disease 27. Bacterial meningitis 28. Encephalitis 29. Poliomyelitis 30. HIV (due to blood transfusion and occupationally acquired HIV) 31. Major burns 32. Major head trauma 33. Blindness 34. Deafness 35. Loss of speech 36. Terminal illness

*The maximum LCP sum assured per life is PhP 10,000,000 or USD 200,000. Aggregate critical illness coverage can reach up to PhP 11,250,000 or USD 225,000, if there is no LCAP. With LCAP, the aggregate coverage can increase to PhP 15,000,000 or USD 300,000. These limits apply to the aggregate critical illness coverage per life and are subject to the maximum sum assured limits defined for each specific critical illness coverage.

**The policyowner must give us the requirement within ninety (90) days from the date of knowledge of the occurrence of the critical illness. In case of a failure to furnish us with the requirements within the time required, Pru Life UK will not invalidate or reduce any claim if it was not reasonably possible to give us the requirements within such time.

PRODUCT FEATURES

Plan type	Yearly renewable term
Denomination	Peso
Issue age	18 to 65 years old
Coverage period	One year
Payment term	Renewable up to age 72
Benefit term	Age 73

Basic features

Accidental Death and Disablement (ADD)	If the life insured suffers a loss as described below is injured or dies due to an accident, the amount payable will depend on the amounts indicated under the Schedule of Losses and Indemnities, provided such loss occurs within one hundred eighty (180) days from the accident.
--	--

Loss of life of the insured	100% of the sum assured (SA)
-----------------------------	------------------------------

Total, permanent and irreversible loss of:

Both hands	100% of SA
Both feet	100% of SA
One hand and one foot	100% of SA
One hand	50% of SA
Arm between elbow and wrist	60% of SA
Arm at or above elbow	70% of SA
One foot	50% of SA
Leg below knee	60% of SA
Leg at or above knee	70% of SA
Sight of both eyes	100% of SA
Sight of one eye	50% of SA
Loss of speech	100% of SA
Hearing in both ears	100% of SA
Hearing in one ear	50% of SA
Thumb	15% of SA
Index finger	10% of SA
Middle finger	6% of SA
Ring finger	5% of SA
Little finger	4% of SA
First or second metacarpal	3% of SA
Third, fourth or fifth metacarpal	2% of SA
Loss of toes all of one foot	25% of SA
Loss of great toe	5% of SA
Loss of other than great toe, each toe	1% of SA
Fractured leg or patella with established non-union	10% of SA
Shortening of leg by at least 5cm.	7.5% of SA

Total and Permanent Disability (TPD)	Total and Permanent Disability means that the life insured, as a result of bodily injury due to accident, is prevented from engaging in any occupation or from performing any physical or mental work, for compensation, profit or gain. The disability must exist continuously for not less than six (6) consecutive months before any claims can be filed on the TPD benefit. A lump sum cash benefit shall be paid equal to the stated benefit on the data page of the policy, less any dismemberment or disablement benefit previously paid and arising from the same accident.
--------------------------------------	---

Burial Benefit (BB)	This is given if the Insured dies due to natural death. The amount to be given is dependent on the package chosen.
---------------------	--

Murder and Assault (M&A)	If the Insured suffers a loss or dies due to murder, he will be paid one-half (1/2) of the benefits indicated in the Schedule of Losses, not to exceed PhP 1,000,000.
--------------------------	---

Renewal Bonus	This is an increase of 5% based on the original sum assured given every year, upon renewal of the policy, each year, up to a maximum of five (5) years. The basis of the 5% bonus will be limited to PhP 1,000,000 inclusive of all Personal Accident coverage issued by the Company to the policyowner.
Optional benefits	
Medical Reimbursement	Medical expenses incurred due to an accident will be reimbursed up to the extent indicated in the specified plan. These include inpatient and outpatient expenses such as medications, first-aid treatment, application of dressings, examination by x-ray, use of an operating room or ambulance, administration of anesthesia, etc. incurred within thirty (30) days from the date of the accident.
Hospital Income (accident-related)	For confinement due to an accident, a hospitalization benefit equivalent to the daily Hospital Income (HI) coverage will be given for each day that the person is confined. Confinement is deemed to have taken place when the Insured is confined at the hospital for twelve (12) hours or more and a room and board charge has been made by the hospital. The total number of days should not exceed thirty (30) days per policy per accident.
Product variants	
PA Executive	This is a product suited to cover high net worth, white collar professionals, whose lifestyle is characterized by frequent travels and activities demanded by work or social duties. Aside from the basic benefits, the unique feature of this package is the Double Indemnity Benefit, which states that the Company shall double the death benefit if the Insured dies while travelling as a ticketed or officially listed passenger in a commercial bus, automobile, train, monorail, boat, or airplane over an established land, sea or air route. Issue age is 18 – 65 years old.
PA Power	This is a product for the “Generation X” crowd, the fun-loving, highly athletic and highly mobile teenage to young adult group. This feature was included in response to the need to cover non-professional individuals who engage in weekend sports which are characterized as “extreme” or highly dangerous athletic events. The Insured will be entitled to 25% Dangerous Sports coverage shown on the Policy Data Page. This is also applicable to “Optional Benefits” attached to the basic features. Issue age is 15 – 25 years old.
PA Junior	This is a student PA coverage that features a Double Indemnity benefit for death that occurs while the Insured is participating in a school-sponsored field trip or excursion. This is also in addition to the basic benefits, exclusive of the Murder and Assault benefit. Issue age is 5 – 22 years old.

“Loss” shall mean complete and permanent paralysis or actual severance as a result of an accident.

“Loss of hearing/sight” shall mean total, permanent and irrecoverable loss of hearing and/or sight.

PRODUCT FEATURES

Plan type	Yearly renewable term
Denomination	Peso
Issue age	18 to 64 years old
Coverage period	One year
Payment term	Renewable up to age 65
Benefit term	Age 65
Basic features	
Daily Hospital Income Benefit (DHI)	The Company will pay the DHI coverage based on the number of days the life insured is confined in a hospital up to three hundred sixty-five (365) days of continuous confinement for the same illness or injury. Confinement is deemed to be taken place when the life insured stays in the hospital for at least twelve (12) hours and a room and board charge has been made by the hospital. Confinement should be reasonable and medically necessary to be considered payable.
Dread Disease Benefit	If the cause of the confinement is due to any of the dreaded diseases listed below, the Company shall pay a lump sum amount specified in the package chosen: • Heart attack • Stroke • Cancer • Major organ transplant • Renal failure • Multiple sclerosis • Motor neuron disease • Heart valve surgery • Coronary artery bypass surgery • Parkinson's disease • Muscular dystrophy • Poliomyelitis • Aortal surgery • Bacterial meningitis • Brain tumor The Dread disease Benefit is payable only once per illness, including all complications that may result from the same illness.
ICU Benefit	If the life insured is confined in an Intensive Care Unit (ICU) of a hospital, the daily ICU benefit stipulated in the Policy Data Page will be paid, up to three hundred sixty-five (365) days of continuous confinement for the same injury or illness. The ICU Benefit is payable on top of any Daily Hospital Income benefit payable to the life insured.
Surgical Expense Benefit	If the life insured undergoes a surgery while confined, the Company will pay the actual surgical charges incurred, up to the maximum benefit limit covered by the Surgical Expense Benefit. Surgery should be in-patient, reasonably and medically necessary to qualify for a claim. The surgery should be performed by a licensed surgeon in an operating room in a hospital. Outpatient surgeries are specifically not covered under this plan.
Long-term Hospitalization Benefit	If the confinement extends to more than thirty (30) days, we will pay an additional daily benefit specified in the Policy Data Page for each day of confinement in excess of 30 days up to a maximum of three hundred sixty-five (365) days of continuous confinement for the same injury or illness.
Term Insurance	Lump sum amount paid to the life insured in case of death.
